AGUINALDO HAS TAKEN FLIGHT.

Left Headquarters Two Weeks
Ago and Has Not Been
Heard of Since.

ONE GENERAL WILLING TO QUIT.

He Desires to Surrender if He Can
Secure it on Honorable
Terms.

NATIVES PROTEST AS TO BURNING TOWNS.

They Find Out the Americans Will Not
Destroy Them, and They Want
Them to Remain—Natives
Returning Home.

New York, May 16.—A dispatch to The Herald from San Miguel via Manila says:

It is said that Aguinaldo has fled into the province of Nueva Ecija. On April 29 he retreated by carriage from Balinag through San Isidro and nothing has been heard from him in the two weeks since.

The 5000 Spanish prisoners which were reported to be held by the insurgents have been carried into the northern province and scattered along in small garrisons. They are beyond American succor this season, unless a Filipino surrender takes place within three weeks.

Five American prisoners were carried through this town last week. Their names are unknown.

The insurgent general, Gregorio del Pilar, believes that he has been deserted by the Filipino government and desires to surrender if he can secure what he regards as honorable terms from the Americans.

The insurgent hospital near San Isidro, is reported to be overwhelmed with wounded.

General Pilar's main subsistence depot is five miles in front of General Lawton.

The indignation of the natives has compelled the insurgent generals to countermand their orders to burn the towns as they retreated. The American policy of not destroying property, is creating a revulsion of feeling in American favor.

Natives are returning through the lines to their homes.

WATSON IS OFF.

He Goes to Manila to Take Charge of the Asiatic Squadron.

Vallejo, Cal., May 16.—Rear Admiral Watson, who will relieve Admiral Dewey in command of the Asiatic station, sails today for the orient on the City of Peking. He takes with him his personal staff, Lieutenants Snowden and Marble and five mechanics from Mare Island, who will be employed in the naval station at Cavite.

The transport Centennial, Captain Eagles, has also sailed for the Philippines with a large cargo of commissary and quartermasters supplies. She carried no soldiers or passengers.

Captain A. S. Barker, who will temporarily command the Asiatic station will, when relieved by Rear Admiral Watson, return home by mail steamer. The Boston will come home under the command of Captain Whiting.

THE DEWEY RECEPTION.

New York Municipal Assembly Will Be Asked to Give \$150,000.

New York, May 16.—That New York's welcome to Dewey is to be conducted on a grand scale was shown Monday when the joint committee from the board of aldermen and council decided to call on the municipal assembly to authorize an appropriation of \$150,000 for the city's part in the ceremonies. Mayor Van Wyck heartily approved of such an appropriation.

Resolutions providing for the expenditure of this amount will probably be adopted without a dissenting vote. It was decided that the official reception shall be held on the day after Admiral Dewey arrives.

It was suggested that the governor of each state be invited to attend and that each state be asked to send a regiment or two of its national guard. Mayor Van Wyck favors this plan. It was decided to ask the mayor to appoint the general reception committee.

Off for the Conference.

Berlin, May 16.—United States Ambassador White, who is the chief representative of the United States at the disarmament conference which opens at The Hague on Thursday afternoon, has started for the Netherlands.

med by Frederick Holtz, the New York secretary of the United States delegation, and the Swiss and Roumanian ministers, both of whom are delegates to the conference.

Count Attacked Suicide.

London, May 16.—A special dispatch from Vienna says it is reported there that Count Badoni, former prime minister of Austria, recently tried to commit suicide on account of losses sustained on the race course.

CATTLEMEN STIRRED.

Those in Western Oklahoma Worked up Over Quarantine Laws.

Kansas City, May 16.—The cattlemen of western Oklahoma are organizing a boycott on Kansas City and threaten to ship all cattle to Chicago and South Omaha because of the recent action of the Kansas quarantine board, requiring inspection of all Oklahoma cattle entering the state. This rule, approved by the Missouri board, makes the shipment to Kansas City difficult and an expensive matter.

Colonel Albert Dean, the Kansas City agent of the United States quarantine department substation, met with the territorial livestock commission and granted the board's request to raise the government quarantine on the law so as to exclude Noble, Logan and Oklahoma counties from the quarantine district. When seen regarding the above, H. P. Child, assistant general manager of the Kansas City Stock Yard company, said an effort would be made to get the Missouri board to rescind their action, backing up the rules of the Kansas board.

THE CLASH BEGUN.

Strikers Fire Into Negro Miners in the Mines at Huntington.

Little Rock, May 16.—Forty strikers attacked 25 colored miners behind the stockade in the mine near Huntington today, firing volley after volley at them. The men on guard at the stockade returned the fire, killing one of the strikers. John Wright, one of the guards was killed and the other, James Cambell, was seriously wounded.

A number of new guards have been posted about the mine and more trouble is feared.

The colored miners were imported from Illinois to take the places of the strikers.

Curtis Bill Constitutional.

South McAlester, I. T., May 16.—The supreme court of the United States has handed down a decision declaring the Curtis bill to be constitutional and sustaining the lower courts on the decision. The decision which involves 115 different cases, covers everything in citizenship cases brought up from Cherokee, Chickasaw, Creek and Seminole Nations. The decision declares congress intended the appeals from the Dawes commission Indian citizenship, in cases only to be taken to territorial courts. These decisions effect, thousands of claimants for citizenship.

George Cummins Arrested.

Vincennes, Ind., May 16.—George Cummins was arrested by Sheriff Cox on a requisition by Governor Mount. He is wanted at Effingham, Ill. It is charged that Cummins traded patent right territory in Illinois for a farm and then, on learning that the deed was worthless, traded the farm for a big store at Effingham, which he sold out at auction and came home. The prisoner is a well known farmer and patent right dealer of this county.

Valuable Army Papers Found.

San Francisco, May 16.—A number of valuable records which were taken from the office of Major Matthews, surgeon-in-chief of the United States hospital at the Presidio, last February, have been recovered. They were found in the room of Guy C. Weed, who was formerly a copyist in the hospital detachment at the Presidio. He was arrested and was charged with grand larceny.

Banks Glutted With Gold.

Chicago, May 16.—Chicago banks are becoming glutted with gold coin. The United States subtreasury has refused to pay out any more small bills for the yellow metal, the banks are unable to exchange it for gold certificates, and so the bankers are doing the only thing left for them—storing in their vaults what they cannot get rid of.

British Officers Arrested.

Cape Town, May 16.—The Argus of this city publishes a dispatch from Pretoria, the capital of the Transvaal, South African republic, saying P. W. Reitz, secretary of state, confirms the report that a number of unusual arrests have been made there and it is rumored the prisoners are British officers.

Colyar Pleads Guilty.

New York, May 16.—Arthur S. Colyar Jr., a lawyer from Nashville, pleaded guilty in the court of general sessions to the attempt to kidnap Nicholas A. Heckman, a witness in the Molineux case, and was sentenced to the penitentiary for 60 days. He went out of the courtroom laughing and waving his hands.

Mr. Grubbs in Town.

Mr. V. W. Grubbs, editor of the Greenville Headlight and representative of the people in Greenville's district in the legislature of Texas, appeared in the city bright and early yesterday morning. He is author of what is known as the Grubbs industrial school bill.

Mr. Grubbs, as soon as his presence was known in the city, was taken in hand by our citizens, shown all the courtesies possible, and among other things, was taken on a drive to the A. and M. college.

He talked freely of his bill for the creation and endowment of an industrial school for girls. The measure seems to be near his heart, and he fears that the passage of the senate amendment locating the school as an annex to the A. and M. college, if adhered to by the senate, will result in defeating the measure. In fact, Mr. Grubbs says he will use his influence to kill the bill rather than have it passed with no probability of its being made effective. So his purpose at Bryan was explained to be to induce Bryan to raise or guarantee a fund sufficient to erect buildings for the proposed school, and report such action to the house committee today by 10 o'clock. With such a fund raised he says the bill can possibly be passed as amended by the senate, and the school established.

lished. He says that had not the senate been induced to locate the school as it has, there were other towns in Texas ready and willing to guarantee from \$30,000 to \$50,000 to buy ground and erect buildings for the school. Among other things, Mr. Grubbs stated that the friends of the senate amendment secured its passage by using the enemies of the bill to pass the amendment making the school an annex to the A. and M. college and locating it there.

In this connection, the following appeared in the Galveston News of yesterday:

Greenville, Hunt Co., Tex., May 15.—Hon. V. W. Grubbs is here to-day and goes from here to Bryan to-night, where he will talk on the industrial school. He will reach Austin to-morrow night.

HARRIS SCHOOLHOUSE

Cotton chopping is the order of the day this week.

The Clairmont school closed last Wednesday with a picnic and some speeches and dialogues. Prof. Bullock certainly deserves much credit for the advancement of the school, and we hope to have him with us again next session.

A good many people of this community went to the May picnic at Cedar creek on the Wheelock and Macy road and report a good time.

There was a party at Mr. Jim Nichols' last Saturday night. A large crowd was present and report a nice time.

Mr. J. W. Harris and family and Mrs. Lena Nichols visited Cottonwood Sunday.

Roy Hudspeth and sister visited Cottonwood Sunday.

Mr. and Mrs. A. Moore of Kurten visited Mr. and Mrs. J. K. Presnal last week. VIOLET.

TOLD IN VERSE.

Ten thousand voices sweetly sing
Their praises of the household boss,
And cash to Clarke & Dansby bring
For sacks of finest "Albatross."

The cooks delight to see it rise
When it is gone they mourn its loss,
And sing its praises to the skies
The only flour, the "Albatross."

The boarders laugh in pure delight
And when its gone they all get cross,
Because they think its only right
To use the best, the "Albatross."

And "Ferndale," too, for its a peach,
Asparagus and young snap beans,
It's the finest in your reach,
Yes, that is just what Ferndale means.

Fresh tomatoes, corn and pease
Selected with the utmost care,
Send their message on the breeze
To the hungry everywhere.

Go to Clarke & Dansby's store
On the west side of Main street,
Buy their goods and you'll buy more—
Everything that's good to eat.

Their goods are new, yes, fresh and

Queer Reasons for Divorce.

An Ohio man has secured a divorce because, as he declared under oath, "this defendant pulled this plaintiff out of bed by his whiskers."

A decree was granted in a Massachusetts court because the "defendant keeps this plaintiff awake most of the night quarreling."

A Wisconsin man got a divorce because his wife kept a servant girl "who spit on the frying pan to see if it was hot enough."

A Jersey wife secured a decision because "the defendant, the husband, sleeps with a razor under his pillow to frighten this plaintiff."

A Virginia woman was set free because "the defendant does not come home until 10 p. m. and then keeps this plaintiff awake talking."

In Illinois a decree was obtained because a long suffering husband complained that "during the past year the defendant struck the plaintiff repeatedly with pokers, flatirons and other hard substances."

In Iowa a wife secured a divorce because "the husband threw the baby at her when she hit him with a coal bucket for spitting on the stove."

NEGRO WOMAN COMES NEAR BEING LYNCHED.

Infuriated Colored Citizens at Atlanta
Would Have Murdered Her but
for the Police.

Atlanta, May 16.—Winnie Roach, a mulatto woman, came near being lynched by an angry mob of incensed negroes last night at the corner of Scofield and Hillyard streets. The crime with which she and her husband are charged, was brutally burning their four little children nearly to death by igniting paper saturated with kerosene with which their bodies had been wrapped. The man, Lawrence Roach, ran away during the afternoon when he heard that his treatment of the children had been reported to the police. The woman had been away from home all day and did not know that her cruelty had been found out. She was in the house when the mob gathered and was in the act of applying more fire to one of her children, when the crowd broke in. Telephone messages were sent to police stations by the white people living in the neighborhood, who said they believed the woman was about to be burned by the crowd. A wagon load of officers were sent to the place. So defiant was the woman that she attempted to beat one of the children even after the police arrived. The woman and children were taken out of the house and quickly put in the wagon which carried them to the station. One of them had all the flesh burned from her legs in several places and will probably die. The other three are all badly burned.

The children said their father and mother beat them and then wrapped paper about their bodies. The paper was saturated with kerosene and set afire. While the paper was burning the children were held, to keep them from running, and when they screamed they were beaten. The woman denied having anything to do with the affair.

Sergeant Ball, who led the detachment of police, said the woman would have been lynched if the officers had not arrived when they did.

TEXAS LEGISLATURE.

The House Disposes of Some Business.
Senate Not in Session.

Austin, May 16.—The senate held no session yesterday. In the house Mr. Childs called up the motion offered by Mr. Bailey some days ago to reconsider the vote by which the senate bill to define and punish unjust discriminations by officers, agents, servants and employees and receivers, their officers, servants, agents and employees of railroad companies in this state, was passed to a third reading.

The bill passed finally in the exact form in which it came from the senate.

On motion of Mr. Ratcliffe the order of business was suspended and the house took up and passed without amendment the senate bill to increase the occupation tax on tempin alleys from \$100 to \$250.

On motion of Mr. Morrow the order of business was suspended and the house took up his bill to impose a tax of 2 per cent on incomes exceeding \$2000. Several amendments were defeated and the bill passed to engrossment.

When the house met after recess Mr. Barbee called up the report of the conference committee on the senate bill to repeal the portion of the occupation tax law which imposes a tax on physicians. The report recommended that the house recede from its amendment to the bill which proposed to also exempt lawyers from the tax.

The report was adopted—yeas 61, nays 17.

The house bill by Mr. Little to amend article 393 of the revised statutes relating to changes in the lines between school districts so as to decide more equally the distance between the two schools affected by the change, was laid before the house as a special order. The bill passed to engrossment.

Wade Wins His Case.

Washington, May 16.—The United States supreme court has decided the case of Albert Wade vs. Travis county, Texas, in favor of Wade, reversing the circuit court of appeals for the Fifth circuit. The case involved the validity of bonds issued by the county in aid of the construction of a bridge across the Colorado river. The decision holds the bonds to be good.

Assaulted By a Negro.

San Antonio, May 16.—Mrs. L. A. Wilkinson and her 10-year-old son were assaulted and beaten until unconscious by a negro who waylaid them on their return from church Sunday night. The negro felled the woman and boy with a pistol, and then choked up the woman's mouth with dirt so that she could not scream. Mrs. Wilkinson says that the negro became frightened and fled.

Poisoned by Canned Lobsters.

Hot Springs, May 16.—Fifteen guests at a prominent hotel here were poisoned Sunday night by eating canned lobsters at dinner. Shortly after the meal the guests were taken violently ill and it required the work of three physicians to save them. All are now believed to be out of danger.

Justice Fixed Bail.

Lockhart, Tex., May 16.—Lewis Hardeman, the colored school teacher charged with aiding prisoners to break jail, had an examining trial before Justice Mills and was held to bail in the sum of \$750, and in default of which he was placed in jail.

COMING TO COLLEGE.

The Secretary of Agriculture to be a Visitor at the A. and M. College.

Hon. James E. Wilson, a member of President McKinley's cabinet as Secretary of Agriculture, is touring the South, and entered Texas yesterday from New Orleans. He has announced his intention to spend a few days at least, at College Station, and is expected there any time now.

Secretary Wilson's visit is of considerable importance to the agricultural interests of Texas. He will study the conditions of the State in this branch, and will undertake to lend his power and influence to solve the difficulties of over production of cotton, and help towards crop diversification. He is quoted as having said that most of his time in Texas will be spent at College, as through the headquarters of Texas experiment stations there, he can best study the conditions in the state.

The secretary has pressing invitations to visit various different sections and localities in Texas, and has promised, according to the press reports, to visit Tyler.

The secretary will undoubtedly be received with hearty welcome and shown every consideration commensurate with the importance of his visit by the authorities and people generally of College, and if occasion offers, by the citizens of Bryan also, and every pains taken to impress him favorably with our portion of the state.

THE OLD MADE YOUNG.

What Two Professors in a Chicago School Claims to Have Discovered.

Chicago, May 16.—A discovery which it is claimed solves the problem of circumventing old age has just been made public by Professors Joseph R. Hawley and Alexander C. Weiner, of the Chicago Clinical school. The return to youth, it is asserted, is produced by hypodermic injections of the lymphatic fluid of animals, particularly young goats. The discovery was made a year ago and subsequent secret demonstrations of its efficiency are asserted.

The general theory of the discovery is that if the mineral deposits which accumulate in the bones in the process of life can be replaced with the "life cells" contained in the lymphatic glands of goats, deterioration of the bones will be prevented and elasticity and youth will be retained in the system much longer.

In one of his experiments at the clinical school, Dr. Hawley administered hypodermic injections of the fluid from the lymphatic glands of a goat to a dog known to be 14 years old. A diagnosis of a portion of the femur before the injection showed the bone contained large deposits of phosphate, carbonate and soda. The dog was watched carefully for two months, during which frequent injections of the lymphatic compound were made. At the end of that time another diagnosis of the femur showed the larger part of the mineral deposits had been removed and the animal was as lively as a puppy.

A number of human beings, it is said, have been experimented on in Chicago in the same way and with the same results. The apostles of the discovery do not claim that a man or woman thus charged with goat's "life cells" will live forever, but they say life will be prolonged, perhaps doubled.

PEOPLES' PARTY PRESS.

Session of That Association Being Held at Kansas City.

Kansas City, May 16.—The seventh annual meeting of the National Reform Press association and the National Reorganization committee of the People's party, with something under 100 delegates present, convened here today. After deciding on a policy for 1900 the delegates will start for Colorado on tomorrow evening on a junket. Wharton Barker of Philadelphia, who to all practical purposes is the candidate of the party for president, is represented by his son, Rodman Barker.

The proceedings of the association were presided over by Frank Berkett of Mississippi, its president, and the following committeemen here are: J. M. Adams, J. H. Wharton, Ross Winn, H. F. Jones and Milton Park, of Texas; J. A. Parker of Kentucky; John W. Rannels, J. E. Clyde, Emmett Romsowell and J. Y. Reynolds of Missouri; W. L. Peet and M. A. Bodenhamer of Georgia; James M. Ferris of Illinois; W. S. Morgan of Arkansas; Lucian Striben of Nebraska; L. H. Weller and C. A. Weeks of Iowa, and Frank Berkett of Mississippi.

One Regiment Left at Savannah.

MONEY FOR THE CUBAN ARMY.

The Cuban Leaders Are Afraid to Take Final Steps as to its Distribution.

GOMEZ AGAIN DECLINES THE RESPONSIBILITY.

The Opinion Is Expressed That Force Will Have to Be Used Before the Cuban Army Will Ever Be Disbanded.

Washington, May 16.—High officials in the war department are reluctant to discuss the Cuban situation. The dispatch of the Associated Press which states that Gomez was through with having anything to do with the distribution of American money for the Cuban army, was read with interest, but did not cause much surprise among army officers who are well informed about the Cubans, especially those who are known as "soldiers of fortune" and who have been bitterly disappointed because the island was not turned over to them immediately after the Spanish surrender. There is an impression also that the intention of General Brooke to see that the \$3,000,000 is distributed among all the Cuban troops has caused disappointment among the many "generals" and other high officials, who were evidently expecting to secure a large share of the money.

The belief was expressed that the situation in Cuba is serious and that careful diplomatic management will be needed.

It was stated that no orders would be issued to General Brooke as he had ample authority to deal with any situation which might arise. There seems to be a belief that General Gomez has contributed to the delay in the payment of the money.

The news from Havana is anything but encouraging, but it is anything but surprising to those who have watched closely the trend of events in that island. The department has from time to time given out reports asserting that matters were getting along all right, but those who are acquainted with the stereotyped opinions of the war department, have not at all times taken these statements without qualification.

Long ago these dispatches gave good army opinions that Cuba was a hard problem, bureau statements to the contrary notwithstanding.

Now comes the announcement that Gomez has flickered. This is held to mean that he has yielded to the pressure of the cabal of so-called military leaders, who have expected to set up a sort of military government under the outward form of a republic and plunder the people of Cuba all along the line.

The so-called Cuban army howled for American money until the proposition was submitted for giving up of arms. Now the mask is raised and it is shown that the army men, who at the beginning asserted that it was folly to donate \$3,000,000 of American money to the Cubans was about right. From present indications this money will never get into the hands of the Cubans, and before long it will become apparent that disarmament will have to be accomplished by force.

Found After Seven Months.

Konosha, Wis., May 16.—The dead body of Mrs. Helen M. Stayner, who disappeared from Milwaukee on Oct. 10, last, was found on the beach of Lake Michigan here Monday. Mrs. Stayner was a Christian Scientist and her disappearance created quite a sensation. Mrs. Stayner's husband was in El Paso, Tex., a practicing physician, at the time.

Snake Bite Proved Fatal.

San Antonio, May 16.—Mrs. Mathilda Tesmadn, aged 71, died in this city from a bite of a rattlesnake. The reptile struck the woman in the knee while she was milking her cows Sunday evening. The poison rendered her unconscious immediately and she died without recovering consciousness.

Prominent Methodist Minister Dead.

Atlanta, May 16.—Dr. R. N. Sled of Danville, Va., pastor of Main Street Methodist church, and one of the most prominent ministers in the Methodist Episcopal church, south, died at the Grady hospital here. The body was shipped to Danville.

Death of T. B. Silver.

Cleveland, May 16.—T. B. Silver, who was a candidate for mayor of this city on the union reform ticket at the spring election and widely known on account of his extensive fancy stock raising business, is dead, aged 73 years.

STRAINED RELATIONS

EXISTS IN CUBA.

The Cuban Army Getting to a Point Where it Will Defy Any Order from General Brooke.

New York, May 16.—The Herald's Havana correspondent telegraphs the situation there has become most alarming to all appearances and the Cubans are about to make armed manifestations against the United States and its mode of governing the islands, although the conservative element still hopes for peaceful arrangements. This state of affairs which was brought abruptly to a head last Saturday, a partial quarrel between General Gomez and Governor General Brooke, has been forming for the last two months. The first move has been made by the army and it will probably be supported by the Cubans. The army which is really represented, although many dispute his authority, by Gomez, is particularly bitter against Governor General Brooke and his policy. The soldiers declare they have been miserably fooled and trapped by the Americans. They look upon the exchange of guns for \$75 as an ignominious transaction for them, as they have not been defeated by the Americans, consequently they refuse to exchange. Some persons say the determination of the army not to surrender is the outcome of General Brooke's refusal to sanction General Gomez' plan for a Cuban militia. At the Cuban headquarters the statement is indignantly denied, particularly by Gomez, who, however, refuses to discuss the present situation. One of Gomez' most prominent officers said:

"General Gomez was brought to this city through the influence of Mr. Porter. He was told at that time he was wanted in Havana to help General Brooke establish a government for the Cubans, which would have no other basis than freedom and independence. He was miserably fooled! He has been ridiculed for the manner in which he has been treated by Brooke. He has on account of his intimacy with the American general, lost popularity with the Cubans, who say he has been a traitor to their cause. This was part of Brooke's scheme. He wished to render Gomez useless in order that he might with further ease, follow out the orders from Washington. Gomez and his men are disliked and unpopular today, and he has no influence. A recommendation from him does more harm than good. Cubans imagine he has been working for annexation. He will prove contrary this week when he publishes a letter which has been exchanged between him and General Brooke and President McKinley. After he has done this the general will probably leave the island. He has not a penny. He lives on charity. In fact, we are all doing the same. Gomez was forced to dismiss his staff, as he did not have food for them. They are looking for work. One colonel has been made policeman with a salary of \$62 a month. All of Gomez' enemies have splendid positions, while his officers and men starve."

CONFIDENCE IN BROOKE.

Washington Officials Believe Him Capable of All Emergency.

Washington, May 16.—General Brooke has not reported to the war department any serious situation in Cuba, and it is not believed at the department that any alarm need be felt regarding the condition of affairs. No advice is given Gov. Brooke, as it has been the policy of the president to clothe officers in command of the islands with plenary power, to deal with the situation as they arise, and hold such officers responsible.

The confidence of the war department in General Brooke was strengthened by the visit of Secretary Alger to Cuba. What has been done and what is going forward, seemed to Secretary Alger to be for the best interest of all the people of the island. It is said to be the policy of General Brooke to deal kindly with the Cubans and avoid as far as possible any action which tend to irritate them, but that he will be firm when necessary and disturbers will be made to understand no overacts will be permitted. The communication that General Brooke made to the department regarding the situation are not given the public, but the officials understand the source of the present trouble is that the "generals" of the Cuban army are disappointed because they are not likely to realize as much money out of the appropriation for the army as they think they should.

One thing is assured beyond all other considerations and that is the United States will remain for the present in absolute control of the island and orders to the officers in command will be sustained by the government at Washington.

Will Be Other Bids.

Washington, May 16.—Naval officials have every reason to believe that the Carnegie Steel company and the Bethlehem Iron company will not be the only bidders for contracts for armor for armored vessels under construction and authorized. The Midvale Steel company has sent one of its officials to England to look into the subject of armor plate manufacture and will probably submit propositions.

General Hernandez Released.

Caracas, May 16.—General Hernandez, leader of the revolution in 1896 in Venezuela, who was captured near Yumar on June 12 last, has been released from captivity.
